EMPLOYMENT POLICIES

It is the policy of this ASC to provide a workplace that is free from illegal drugs and alcohol. Given the easy access to controlled substances in the health care setting and the potential risks to patients and others if health care employees are attempting to perform their duties while using or having used drugs or alcohol, this ASC has adopted the following policy regarding drugs and alcohol:

- 1. The sale, manufacture, distribution, purchase, use, possession, reporting to work, or working while impaired by intoxicants, non-prescribed narcotics, hallucinogenic drugs, marijuana, or other non-prescribed controlled substances is prohibited while on this ASC property or during working hours.
- 2. The distribution, sale, purchase, use or possession of equipment, products, and materials which are intended for use, or designed for use with non-prescribed controlled substances also is prohibited while on this ASC property or during working hours.
- 3. Reporting to or being at work with a measurable quantity of prescribed narcotics in the blood or urine or use of prescribed narcotics is also prohibited where in the opinion of this ASC such use prevents the employee from performing the duties of his or her job or poses a risk to the safety of the employee, other persons or property.
- 4. All applicants for employment will be required to submit to a drug/alcohol test at pre-employment or whenever, in the opinion of management, this is necessary. If such testing indicates the presence of a measurable quantity of drugs/alcohol in the body, the candidate will be disqualified from further hiring consideration. Likewise, refusal to take the drug/alcohol test will also disqualify the candidate from further hiring consideration.
